The documents belonging to the offer contract, such as illustrations, drawings and specifications of dimensions shall only give approximate indications insofar as they are not expressly designated as binding. Drawings and illustrations shall remain in the ownership of Spider GmbH. Spider GmbH reserves the right, during the course of further developments, to effect changes to the products insofar as the customer can reasonably be expected to tolerate the same.

Price, dispatch, packaging, scope of delivery
All prices shall be EXW (Incoterms 2000) excluding statutory domestic value added tax or comparable foreign tax and packaging costs unless posted different. Customers within the EU shall be obligated to indicate their VAT identification number. Spider GmbH shall select the type of packaging for the items to be delivered and shall charge packaging to the customer. If the customer requests delivery, this shall be charged to the customer and be at the risk of the same

Delivery times, force majeure
Adherence to delivery times shall require performance of contractual duties by the customer. Delivery times shall be reasonably extended in the context of events relating to industrial disputes, in particular strikes and lockouts, or if unforeseen obstacles shall arise which lie outside the control of Spider GmbH, such as interruption of operations, operational breakdown or malfunction or delays in the delivery of essential materials, insofar as such obstacles are proven to exert significant influence on manufacture or delivery of the item ordered. This shall also apply if such circumstances arise at subcontractors of Spider GmbH. Neither shall Spider GmbH be liable for the circumstances described above if they arise during an already existing delay. Spider GmbH shall in significant instances notify the beginning and end of such obstacles to the customer as soon as possible. Partial deliveries shall be permissible within the delivery times indicated by Spider GmbH, insofar as this does not give rise to
any disadvantage in terms of utility for the customer. If, by way of exception, Spider GmbH has a duty to assemble items delivered, the deadlines pledged by Spider GmbH need only be met if the items to be assembled are made available by the customer in a timely manner. In the event of any delay in delivery that is not due to intent or gross negligence, the liability of Spider GmbH shall be limited to a maximum of 5% of the sale price or the remuneration.

Payment, due date, payment of deposits, default
If the customer makes payment within ten days of the invoice date, he shall be entitled to deduct a 2% discount unless the invoice in question relates to services of Spider GmbH or to an agreed partial payment. Spider GmbH may require from the customer that the latter provide as security for payment, two weeks before the delivery date, an irrevocable and confirmed letter of credit, a banker's bond or a bank guarantee. Payment default shall commence upon the due date for payment. With effect from the due date, all amounts owed shall be subject to interest at 8%- points above the base rate of the European Central Bank. Spider GmbH reserves the right to claim further damages. If partial payment has been agreed, and if the customer defaults on an instalment, then the remaining amount shall become due immediately. Withholding of payments with respect to any counterclaims of the customer, which are not acknowledged by Spider GmbH or which have not been established by final court decision, or offsetting against the same, shall not be allowed.

Cancellation costs
If the customer withdraws without justification from a sales order issued, Spider GmbH may demand 10% of the sale price with respect to costs of processing the order in question and loss of profits, notwithstanding the possibility of claiming a higher actual loss. The customer reserves the right to provide evidence of a smaller loss. This shall not entail any waiver by Spider GmbH of claims provided for by law.

Warranty
Spider GmbH shall in principle be liable for defects for a period of two years. In the event of a defect, Spider GmbH shall at its own discretion be entitled by way of subsequent performance to effect a replacement delivery or to rectify the defect. In the event of a defect in title, Spider GmbH shall be entitled to remedy such defect by modifying the delivered item in a manner reasonably acceptable for the customer. The customer shall only be entitled to claim damages in lieu of performance in the event of intentional or grossly negligent breach of duty on the part of Spider GmbH. If in the event of a defect in title modification is not feasible on economically reasonable terms or within a reasonable period, both the customer and Spider GmbH shall be entitled to withdraw from the contract. Where Spider GmbH has provided a warranty as to durability, the customer shall be required to furnish evidence that the material defect existed at the time of transfer of risk, unless the customer cannot reasonably be expected to do so in individual cases. In all other respects, the provisions contained below under “Liability” shall also apply to the warranty. Spider GmbH shall have unlimited liability if a defect has been fraudulently concealed or if a guarantee of specific quality has been given by Spider GmbH.

Liability
In the event of intent or gross negligence on the part of legal representatives or employees at executive level, and in the event of culpable breach of material contractual duties by the same or other employees,
Spider GmbH shall be liable in accordance with the legal provisions. With regard to any breach of minor contractual duties by other employees, Spider GmbH shall not be liable. Spider GmbH shall not be liable for losses not typically associated with this type of contract and that are thus scarcely foreseeable. With regard to claims under the German Product Liability Law, such Law shall apply without restriction. Claims for damages in tort shall only apply if they are caused intentionally or by gross negligence. This shall also apply with regard to actions of vicarious agents of Spider GmbH. Spider GmbH shall be liable in accordance with the statutory provisions in the event of culpable physical injury and hazards to life and health. If determination of fault is required for any claim of the customer, the burden of evidence shall rest with the customer unless otherwise prescribed by law and the customer cannot reasonably be expected to bear the burden of evidence.

Retention of title
Spider GmbH shall retain title to all items delivered until receipt of payment in full and shall be entitled to withdraw from the contract if the customer is in arrears with such payment. Retention of title shall also extend to claims that
Spider GmbH acquires retrospectively against the customer in connection with items delivered hereunder.

Laws on foreign trade
Spider GmbH shall be responsible for adherence to German regulations insofar as products manufactured in Germany are exported. The observance and implementation of the relevant rules under the laws on foreign trade (e.g. import licences, foreign-currency transfer authority, etc.) and other laws applying outside the Federal Republic of Germany shall be the exclusive responsibility of the customer.

Limitation of claims
All claims of the customer, irrespective of their legal basis, shall be subject to a limitation period of one year. The statutory limitation periods shall apply with respect to intentional behavior or fraudulent conduct and claims under the German Product Liability Law.

Place of performance, place of jurisdiction and applicable law
The business relations shall be exclusively subject to the laws of the Federal Republic of Germany, with the exception that the rules of conflict of laws shall be excluded. The UN Sales Convention (CISG) shall not apply. The place of performance and the place of jurisdiction with regard to all goods supplied and services provided shall be Berlin, Germany. Further, Spider GmbH shall be entitled at its discretion to assert its own claims at the customer's place of jurisdiction. After a lawsuit has been filed, the customer shall be limited on the basis of
his own rights and claims to bring a counterclaim before the court before which the original action has been brought or to offset his own claim against the claim lodged in said action before the court.

Severability clause
In the event that any term hereof should be or become invalid, this shall not affect the validity of the remaining terms.

These General Terms and Conditions of Business relating to Goods and Services of
